

SECUNORM 380

FROM HEAD TO TOE: IMPRESSIVE.

THE SAFER WAY TO CUT.

martor

SECUNORM 380

NO. 380001

70% of original size

Long blade extension

With a blade extension of exactly 7.8 cm, the word „long“ is somewhat an understatement. This cutter can be used to safely cut 4-ply cardboard, open sacks, separate paper sheets, slab rolls, carve building foam, slice polystyrene slabs...the list continues.

Tool-less blade change

To change the blade, simply follow the arrow. Pressing down on the small blade change activator releases the capping end of the cutter, allowing it to swing downwards, and ultimately allowing you to remove the blade carrier and blade.

Ergonomic handle

It goes without saying, the more ergonomic the handle, the easier it is to cut. The SECUNORM 380 with its curved shape, carefully positioned soft-grip and ribbed slider, is an ergonomic dream.

Particularly robust

The core of this cutter is a particularly stable and abrasion resistant metal rail. The body of the cutter is made from a high grade plastic, capable of fulfilling high expectations.

For right and left handers

Right and left handed users alike can be charmed by the new SECUNORM 380. Turn the blade 180° according to your preference and to suit your needs. The eyelet at the end of the cutter is also great for whenever you want to attach your SECUNORM 380.

Our world debut. For special demands.

A long bladed safety knife? This has been a contradiction of terms for a very long time. Until now. The new SECUNORM 380 is the first safety knife worldwide featuring automatic blade retraction AND a blade extension length of almost 8 cm. If you are looking for a low risk alternative to the usual fixed blade cutter, here is your answer. As an additional safety feature, we've included a transportation lock, to disable any unintended blade activity.

PRODUCT FEATURES

Technical features

	High safety		Safer blade change (with magnet)
	Very abrasion resistant		Very ergonomic
	Safety lock		Extended blade length
	Cutting depth 73		Soft-grip
	For right and left hander		Lanyard hole

Installed blade

	NO. 79 0,50 mm, 109,5 mm long
--	--------------------------------------

Optional blade

	NO. 179 0,50 mm, stainless steel, 109,5 mm long
	NO. 7940 0,50 mm, 71,2 mm long
	NO. 17940 0,50 mm, stainless steel, 71,2 mm long

Certificates and awards

Application

Safety technology

Automatic blade retraction – a high degree of safety

The automatic blade retraction of the SECUNORM 380 ensures a high degree of safety from cut injuries. As soon as you have started cutting, take your thumbs off the slider. The blade will immediately retract into the handle the moment it loses contact with the material being cut.

THE PERFECT FIT FOR ALL. DOES THE PERFECT JOB.

SECUNORM 380

- › Blade extension of 7.8 cm
- › Automatic blade retraction
- › Tool-less blade change
- › Ergonomic handle, featuring soft grip
- › TÜV-certified

PRODUCT DETAILS

Order No.	NO. 380001.02
Packaging unit	1 in single unit box (10 in multipack)
Knife size (L x W x H)	170.5 x 20 x 34 mm
Main material	Glass fibre reinforced plastic
Weight	76.1 g
Cutting depth	73 mm
Spare blade	NO. 79.60
Packaging unit	10 in transparent pack
Size (L x W x Thickness)	109.5 x 17.9 x 0.50 mm
Certified	GS certificate NO. S 60095195

Accessories

BELT HOLSTER S WITH CLIP		NO. 9920
USED BLADE CONTAINER		NO. 9810
WALL MOUNT BRACKET USED BLADE CONTAINER		NO. 9845
